

**Full time Equine Intern Required**

**Location: Swan Valley, Perth, Western Australia**

**Type of Practice: Equine**

An exciting opportunity is available for an enthusiastic, team orientated, recent graduate for a full time hospital intern position at our growing 3-4 vet equine only first opinion and referral hospital.

Belvoir Equine Hospital is located on 64 acres of river frontage at a boutique TB stud farm in the beautiful Swan Valley, 30 minutes from Perth CBD and world class beaches. We are surrounded by horses, vineyards, quality restaurants and craft breweries, hence providing the perfect opportunity to balance professional career with lifestyle. The Swan Valley is a beautiful location to live in, providing all the attractions you would normally have to travel for.

The practice offers full surgical, medicine, performance, reproductive, intensive care and neonatal facilities, fully supported by a dedicated nursing team with everyone focusing on the level of professionalism, service and care provided.

The practice services some of Western Australia's leading studs and trainers as well as performance and pleasure horse owners. We have a full surgical facility and perform laparotomy, arthroscopy, laparoscopy, laser surgery and fracture repair procedures. Equipment includes digital radiography, ultrasound, video endoscopy, shock wave therapy, motorised dental rasp, laboratory facilities and surgical laser.

The internship will be supervised by Dr. David Rutherford, a Recognised Specialist in Equine Surgery (Dip ECVS), with additional training from vets who specialise in other areas. Through working as part of the team at our busy clinic you will receive training in lameness diagnosis, imaging, stud medicine, internal medicine, anaesthesia and dentistry. We also work closely with a visiting specialist ophthalmologist, repro vet and remedial farrier.

You will take part in an equally shared 'on call' roster with support and back-up always available.

You must hold a veterinary degree registerable in WA. Assistance with visas and sponsorship can be provided, but due to current travel restrictions, it is likely that you will need to already be resident in Australia or New Zealand, or possibly an Australian citizen returning from overseas.

**Remuneration:**

Remuneration will be generous and on-site accommodation will be available.

A work sponsored visa would be considered for international applicants.

To apply please send a CV and covering letter to [gales.ascot@bigpond.com](mailto:gales.ascot@bigpond.com). We look forward to welcoming you to our small, dedicated and friendly team.
